

Kobian, a manufacturer of leading motherboards, casings and other computer peripherals, launches IXA40S A4 Scanner in the Indian market. The IScan IXA40S is an easy to use, high speed scanner with a compact design that is ideal for users who need to scan on the move. The IXA40S portable scanner is very handy and useful for small- to medium-sized businesses

(SMB) or small office/home offices (SOHO), and is suitable for front desk areas such as hotel reception desks, banks, patient intake, pharmacies, and remote deposit.

The IScan IXA40S A4 portable scanner integrates with most document imaging applications. Its

one-touch scanning allows items to be scanned to e-mail or saved in a variety of file formats including TIFF, JPEG, PDF, BMP, and PNG, as well as Word and Excel formats. The one-touch scanning also allows scanning to nine different locations or applications with no additional software. Built-in automatic image processing improves OCR accuracy for less manual data entry, smaller file sizes, less rework, and a better user viewing experience.

IScan IXA40S A4 portable scanner has many advantages and offers:

- One touch scan your documents to PDF, word, excel, and text files
- USB bus power without an AC adapter
- Easy to scan full size documents & photos
- High-speed, quality scans at up to 600 dpi
- High glossy finish with front touch controls

According to Ms Sushmita Das, Country Manager –India, Kobian Pte Ltd., “We at Kobian always try to give best of products to our valued customer.
